- (B) In order to protect the Company's facilities and personnel and the services furnished to other Customers by the Company from potentially harmful effects, the signals applied to the Company's service by the Customer shall be such as not to cause damage to the facilities of the Company. Any special interface equipment necessary to achieve compatibility between facilities of the Company and the channels or facilities of others shall be provided at the Customer's expense.

3.5.2 Inspections

**3.6 Payment Arrangements****3.6.1 Billing of Charges**

- (A) Charges will be billed either weekly or monthly in arrears and are due and payable upon receipt by the customer. Customer will be billed for all usage accrued beginning upon access to the service. For the purpose of computing charges, a month is considered to consist of 30 days.
- (B) Charges for a fractional part of a month are calculated by counting the number of days remaining in the billing period after service is furnished. Divide that number of days by thirty days (billing period). The result is then multiplied by the applicable monthly service charge to arrive at the appropriate fractional monthly service charge.
- (B) For each call the minimum charge shall be the applicable charge for the initial billing increment of use with use in excess of the initial billing increment during a call charged at the applicable rate per minute with the fractional billing increments, if any, of each call rounded to the next highest whole billing increment.

All per call charges of fractional cents shall be rounded to the next full cent unless otherwise stated in the specific product description.

**3.6.2 Payment for Service**

- (A) The customer is responsible for payment of all charges for facilities and services furnished to the customer and its authorized users by the Company. Federal, state and local taxes, where applicable, shall be added to the charges contained herein. It shall be the responsibility of the Customer to pay these taxes and to accept the liability of any such unpaid taxes that may subsequently become applicable retroactively.
- (B) Bills are due and payable upon receipt by the Customer. Interest at the lesser of (1) the rate of one and one-half percent (1.5%) per month or (2) the highest rate allowed by law per month shall accrue upon any unpaid amount commencing thirty (30) days after rendition of the bill. Late payment charges will be included in the Customer's next monthly bill. If, however, the Company denies service as a result of non-payment of the monthly bill, the Customer will be required to pay all unpaid amounts plus applicable late payment charges.
- (C) If the Company initiates legal proceedings to collect any amount due hereunder and the Company substantially prevails in such proceedings then the defendant Customer shall pay the reasonable attorneys' fees and costs of the Company in prosecuting such proceedings and appeals therefrom.
- (D) If notice of dispute as to charges is not received by NuVox in writing within 30 days after the bill is rendered, the invoice shall be considered correct and binding upon the Customer.

---

**TERMS & CONDITIONS FOR INTERNATIONAL TELECOMMUNICATIONS SERVICES**

---

**3.6.3 Discontinuance of Service for Cause**

Upon non-payment of any sum owing to the Company for more than 30 days beyond the date of rendition of the bill for service or upon violation of any of the terms or conditions governing the furnishing of service under this Document, the Company may, by three days notice in writing to the Customer, without incurring any liability, discontinue the furnishing of service under this Document.

**3.6.4 Deposits**

NuVox may, in order to safeguard its interests, require a Customer or applicant for service who has a proven history of late payments to the Company or whose financial responsibility is not a matter of record to make a deposit to be held by NuVox as a guarantee of the payment of charges. Such deposit shall not exceed an amount equaling the installation charges, if applicable, and up to three times the estimated average monthly charge for usage of service offered herein. This deposit shall be held by NuVox as a guarantee of the payment of charges provided for herein. The fact that a deposit has been made in no way relieves the applicant or customer from making prompt payment of bills on presentation. At such time as the service is terminated, the amount of the deposit is credited to the customer's account and any credit balance, which may remain, is refunded. At NuVox's option, such a deposit may be refunded or credited to the customer at any time prior to the termination of the service. For the period the deposit is held by NuVox, the customer will receive simple interest at the rate of 6% per annum, unless a different rate has been established by the appropriate legal authority within the state. NuVox may discontinue furnishing service to the customer if payment of the deposit is not received by NuVox within forty-eight (48) hours of NuVox's request for such. An advance payment may apply in addition to a deposit.

**3.6.5 Advance Payment**

An advance payment will be required before service is provided when a Customer has a history of late payments to the Company or when a Customer's financial responsibility is not a matter of record. The advance payment will be the nonrecurring charge(s), if any, and up to three month's estimated recurring and usage charges. The advance payment will be credited on the Customer's initial bill. A deposit may apply in addition to an advance payment.

**3.6.6 Return Check Fee**

A charge of fifteen dollars to twenty-five dollars (\$15.00 - \$25.00) will apply whenever a check or draft presented for payment of service is not accepted by the institution upon which it is written. The charge will be calculated pursuant to the state laws in which the customer receives their bill.

---

**TERMS & CONDITIONS FOR INTERNATIONAL TELECOMMUNICATIONS SERVICES**

---

**3.6.7 Minimum Service Periods**

- (A) Except as specified elsewhere in this Document, the minimum contract period is one month from the date service or additions to service are established and the minimum charge is the authorized rate for one month.
- (B) The Company may require a contract period longer than one month at the same location in connection with special types of arrangements of service.

**3.7 Occasional Promotional Offerings**

NuVox will, from time to time, offer special promotions to its Customers waiving certain charges. These promotions may be limited to certain days, times, and/or locations.

**3.8 Recovery of Regulatory Mandated Charges**

NuVox reserves the right to pass on to its customers those fees, charges (and administrative costs associated therewith) which have been imposed by either regulatory, governmental or quasi-governmental agencies. These fees and charges include but will not be limited to Universal Service Requirements and payphone/dial around compensation.

- A.) For calls made from the U.S. to international destinations, state, in order to meet the Universal Service Fund requirements, will collect from end-user a fee equal to 6% of the gross revenues derived from international calls.
- B.) For calls made from the U.S. to international destinations through the use of a payphone, each call will be assessed a surcharge of \$0.60 per call.

**3.9 Unauthorized Computer Intrusion**

With respect to any other claim or suit by a subscriber, common carrier, reseller, or any other party for damages caused by, or associated with, any unauthorized computer intrusion, including but not limited to the input of damaging information such as a virus, time bomb, any unauthorized access, interference, alteration, destruction, theft of, or tampering with, a company computer, switch, data, database, software, information, network, or other similar system, the Company's liability, if any, shall not exceed an amount equal to the proportionate charge by the Company for the service for the period during which the service provided by the Company was affected or so utilized.

Each subscriber of the Company shall be responsible for providing appropriate security measures to protect the subscriber's computer, data, or telecommunication's network.

---

**TERMS & CONDITIONS FOR INTERNATIONAL TELECOMMUNICATIONS SERVICES**

---

**3.10 Transmission of Data**

The Company shall not be liable for any damage, harm or loss of data caused by the subscriber using the Company's voice-grade telephone access line and/or facilities for the transmission of data.

The Company's liability shall be limited to errors or damages to the transmission of voice messages over these facilities, and the liability shall be limited to an amount equal to the proportionate amount of the Company's billing for the period of service during which the errors or damages occur.

The Company's liability for damages or errors caused during the transmission of data over any of the Company's data facilities shall be limited to an amount equal to the proportionate charge for the service for the period during which the service was affected.

**3.11 Errors or Damages Caused by System Date Limitations**

The Company's liability for errors or damage resulting the inability of the Company's system to process dates, such as the year 2000, shall be limited to an amount equal-to the proportionate amount of the Company's billing for the period of service during which the errors or damages occur.

**3.12 Unauthorized Devices**

The Company shall not be held liable or responsible for any damage or harm that may occur as the result of unauthorized devices or the failure of the Company to detect unauthorized devices on the subscriber's line.

**3.13** The Company shall not be liable for damages or statutory penalties in any case where a claim is not presented in writing within sixty days after the alleged delinquency occurs.
