

SOLUTIONS

CONNECTU

Connecting people has never been so simple! NuVox ConnectU goes far beyond traditional conference calling. With ConnectU Reservationless conference platform, you can quickly and easily organize a conference at any time.

NuVox provides the tools to easily manage your participants, secure your meeting, and record your conference, all from your telephone keypad. ConnectU Reservationless conferencing also has optional web-based conference management and basic presentation features. Make your remote meetings more productive by using ConnectU to add visual components to your audio conference.

Features of ConnectU

With your ConnectU service, you will enjoy the following features and services:

- ▶ Flexible joining options for your participants
- ▶ Accommodations for 2 to 125 audio participants and up to 2,000 web participants
- ▶ Ability to upload presentations to the web for your conference
- ▶ Billing codes to track conferences by department or person
- ▶ Options for post-conference summaries and online reports

Advantages of ConnectU

- ▶ **ConnectU is Easy-to-Use.** Start a conference at any time. No need to call an operator to set up a time and conference number.
- ▶ **ConnectU provides 24/7 Support.** Access customer support right from your conference.
- ▶ **ConnectU is Cost-Effective.** Save money on time and travel by connecting via audio and web conference.
- ▶ **ConnectU is Reliable.** Conduct conferences in a simple, reliable, and secure environment.
